Profile

Mern Stack Developer/React Developer/Javascript Developer

Education

- **Dr. APJ abdul kalam technical university lucknow** Passout - 2022
B.tech (computer science and engineering)
CGPA - 7.7/10 with honours

Skills

- 1 - Html , 2 - CSS , 3 - Javascript , 4 - ReactJS , 5 - APIs , 6 - Axios , 7 - Nodejs , 8 - Express js , 9 - Ejs , 10 - Mongoose , 11- Mongoddb , 12 - Tailwind CSS , 13 - Bootstrap , 14 - SASS , 15 - Git&Github , 16 - Media Queries , 17 - Core Java , 18 - Responsive web design

Projects

- **Harshly Education And Skills Technologies Pvt. Ltd. Sector-62**
(1) Led the development of an innovative Edu-Tech platform as a frontend developer at an IT company.
(2) Utilized a diverse technology stack including HTML, CSS, JavaScript, React.js, and Axios for seamless API integration.
(3) Implemented responsive design principles using media queries, ensuring optimal user experience across devices.
(4) Leveraged Tailwind CSS, Sass, and Material UI to design a visually appealing and functionally robust frontend.
(5) Collaborated with cross-functional teams to translate design concepts into intuitive and interactive user interfaces.
(6) Contributed to the creation of a dynamic educational solution, showcasing adaptability and proficiency in frontend technologies.
- **YouTube Clone**
Developed a full-fledged YouTube clone using React.js as the primary front-end technology, completed by the implementation of the Fetch API for seamless data retrieval. This project serves as a testament to my expertise in modern web development, with a strong focus on user interface and user experience.
- **Wheather APP**
Designed a responsive weather application in React.js, integrating APIs to display real-time weather data for cities worldwide. The app provides temperature in Celsius, wind speed and humidity information, demonstrating strong front-end development skills and a user-focused approach to delivering dynamic web solutions.
- **To-Do APP**
Developed a features-rich To-Do application using React.js, enabling users to add, edit and delete tasks seamlessly. This project underscores my expertise in front-end development, emphasizing user-friendly task management. By creating an intuitive interface, I showcased my ability to deliver responsive web solutions that enhance productivity and user satisfaction.

Experience

- **Harshly Education and Skills Technology Pvt. Ltd. - Noida sec-62** February - November
ReactJS developer/Frontend developer
(1) Currently engaged in developing a live Edu-Tech web application, where i specialize as a frontend Developer.
(2) Proficiently utilising ReactJS to create diverse Frontend UI components within the web app.
(3) Successfully implemented data retrieval from external APIs, displaying and real-time content on multiple projects.
(4) Demonstrating expertise in modern web development, ensuring a user-friendly and responsive experience for our platform users.

Hobbies

- Reading books
- Listening song
- Solving DSA problems using Java
- Web development
